# PROFESSIONAL SOFA DRY CLEANING

On-site sofa Dry Cleaning for a Super Clean Sofa

## Benefits of Professional Sofa Cleaning

- 5 Star cleaning agents that are safe on your sofa
- Stains removed and shine of your couch restored
- Odour free - quick drying process

Home Experts provides on-site upholstery dry cleaning services in Udaipur, Kumbhalgarh and Mount Abu & Bhopal.. We clean Sofas, Couches, Recliners, Sofa cum Beds and just any kind of upholstery.

We have cleaned more than 30K sofas so we sure know what we are doing. Our cleaners are trained in house and are our own employees so you can be assured of quality service and the best after service customer support.

Your family sofa is favourite spot for adults and kids alike. Perhaps your kids and their friends leave little sticky hand prints or your pet leaves paw prints there. Do it yourself will only clean superficial areas and may even damage the fabric or upholstery as most domestic cleaners use harsh abrasive and may contain bleaches. The specific treatment chemicals and methods for each fabric type are absolutely necessary, especially if the sofa is made from a delicate material like silk. Trying to save money with Do-it-yourself methods might do more harm than good.
